2023/2024 Academic year, I semester

Mandatory Subjects: Anatomy and Physiology; Estonian Language and Culture; Inorganic Chemistry; Introduction to Learning; Organic Chemistry; Pathology; Psychology; Work Safety

Week	Dates	
1.-3.	5.-23. Feb. 2024	e-lectures in Zoom every thursday and friday
4.	26. Feb.-1. Mar. 2024	Contact studies at college (Introduction to Learning, Anatomy and Physiology, Inorganic Chemistry - Practical classes, Estonian Language and Culture)
5.	4.-8. Mar. 2024	Contact studies at college (Anatomy and Physiology, Inorganic Chemistry - Practical classes, Estonian Language and Culture, Psychology)
6.-9.	11. Mar.-5. Apr. 2024	e-lectures in Zoom every thursday and friday
10.	8.-12. Apr. 2024	Contact studies at college (Anatomy and Physiology, Inorganic Chemistry - Practical classes, Work Safety - Practical classes, Pathology)
11.	15.-19. Apr. 2024	Contact studies at college (Pathology, Organic Chemistry - Practical classes, Work Safety - Practical classes)
12.-14.	22. Apr.-10. May 2024	e-lectures in Zoom every thursday and Friday
15.	13.-17. May 2024	Contact studies at college (Pathology, Organic Chemistry - Practical classes)
16.-20.	20. May -21. June 2024	e-lectures in Zoom and exams in Moodle every thursday and friday

2024/2025 Academic year, II semester

Mandatory Subjects: Analytical Chemistry; Biochemistry; Botany I; Foundations of Research I; Latin; Measuring and Interpreting of Vital Signs of the Body; Pharmacy Management; Public Health. Elective subjects: Estonian Language; Healthy nutrition

Week

1.-4.	e-lectures in Zoom every thursday and friday
5.-6.	Contact studies at college (Public Health, Latin, Botany I- Practical classes, Analytical Chemistry- Practical classes, Biochemistry, Estonian Language)
7.-12.	e-lectures in Zoom every thursday and friday
13.-15.	Contact studies at college (Measuring and Interpreting of Vital Signs of the Body- Practical classes, Botany I- Practical classes, Analytical Chemistry - Practical classes, Biochemistry, Estonian Language)
16.-20.	e-lectures in Zoom and exams in Moodle every thursday and friday

2024/2025 Academic year, III semester

Mandatory Subjects: Botany II; Customer Service; Foundations of Research II; Pharmaceutical Chemistry; Pharmaceutical Products; Pharmacology I

Week

1.-8.	e-lectures in Zoom every thursday and friday
9.-10.	Contact studies at college (Pharmaceutical Chemistry- Practical classes)
11.-16.	e-lectures in Zoom every thursday and friday
17.	Contact studies at college (Botany II - Practical classes)
18.-20.	e-lectures in Zoom and exams in Moodle every thursday and friday

2025/2026 Academic year, IV semester

Mandatory Subjects: Counseling at a Pharmacy; Pharmaceutical Technology; Pharmacognosy and Phytotherapy; Pharmacology II; Pharmacotherapy I

Week

1.-2.	e-lectures in Zoom every thursday and friday
3.	Contact studies at college (Pharmaceutical Technology - Practical classes, Pharmacognosy and Phytotherapy - Practical classes)
4.-10.	e-lectures in Zoom every thursday and friday
11.	Contact studies at college (Pharmaceutical Technology - Practical classes, Pharmacognosy and Phytotherapy - Practical classes, Pharmacotherapy I)
12.-13.	e-lectures in Zoom every thursday and friday
14.	Contact studies at college (Pharmacognosy and Phytotherapy - Practical classes, Pharmacotherapy I)
15.-20.	e-lectures in Zoom and exams in Moodle every thursday and friday

2025/2026 Academic year, V semester

Mandatory Subjects: Graduation Thesis I; Management and Entrepreneurship; Pharmaceutical Care; Pharmacotherapy II; Pharmacy Internship I; Toxicology; Veterinary Pharmacy

Week

1.	Contact studies at college (Pharmacotherapy II)
2.	e-lectures in Zoom every thursday and friday
3.-9.	Practical training in work environment
10.	e-lectures in Zoom every thursday and friday
11.	Contact studies at college (Pharmacotherapy II)
12.-17.	e-lectures in Zoom and exams in Moodle every thursday and friday
18.-20.	Practical training in work environment

2026/2027 Academic year, VI semester

Mandatory Subjects: Graduation Thesis II; Pharmacy Internship II

Week

- | | |
|---------|--|
| 1. | e-lectures in Zoom every thursday and friday |
| 2.-14. | Practical training in work environment (Graduation Thesis II – 10 Seminars on thursdays or fridays) |
| 15.-19. | e-lectures and exams in Zoom every thursday and friday |
