TALLINN HEALTHCARE COLLEGE ADMISSION REGULATION

Adopted on the basis of Institutions of Professional Higher Education Act § 9 subsection 4 clause 4² and Tallinn Healthcare College`s Statutes § 14 clause 10.

I. General provisions

1. Tallinn Healthcare College`s (hereinafter *College*) Admission Regulation (hereinafter *Regulation*) regulates student and pupil candidates` (hereinafter referred to together as *Candidate*) admission to the *College`s* professional higher education and vocational training formal education curricula.
2. To apply to the *College*, the *Candidate* must according to the *Regulation* Appendix 1:
 - 2.1. prove the required level of education or qualification.
 - 2.2. prove the required competence in the language of instruction.
 - 2.3. submit a suitable admission application (hereinafter *application*) and other required documents.
 - 2.4. fulfil established admission conditions.
3. *College* admission periods
 - 3.1. Admission will take place by way of public competition during admission periods according to the admission schedules provided in the *Regulation* Appendix 2 and Appendix 3.
 - 3.2. One competition or several competitions based on location of studies will be announced for professional higher education curriculum during the admission period.
 - 3.3. One competition or several competitions based on location of studies or source of financing will be announced for vocational training formal education curriculum during the admission period.
 - 3.4. *The College* has the right to organise an additional competition for the curriculum, if the student places have not been filled.

4. *College*'s bases of admission

- 4.1. Admission to the *College* takes place on the basis of a ranked list.
- 4.2. The ranked list of *Candidates* is formed on the basis of points received for fulfilment of the corresponding curriculum's admission conditions according to *Regulation* Appendix 1.
- 4.3. Admission to curricula (including location of studies, form of studies, the maximum number of enrolled students and pupils and minimum number of students and pupils to open a study group) is established by the *College* Council according to the *College* Council's approved plan, but no later than six months before the next academic year begins.
 - 4.3.1. Establishment of a maximum number of students enrolled in professional higher education curricula proceeds from the number of student places with specific fittings necessary to conduct studies at the *College* and the number of internships in the practical training bases.
 - 4.3.2. Establishment of a maximum number of students enrolled in vocational training formal education curricula state-funded places proceeds from the state-commissioned education.
 - 4.3.3 In establishing the maximum number of students enrolled to state-funded places or funded from PRÕM or some other programme or enrolled to non -state funded student places proceeds from the *College*'s learning environment resources.

5. Verification of language of instruction

- 5.1. A *Candidate*, who has not acquired previous education in Estonian language, but wishes to begin studies in professional higher education or vocational training formal education in an Estonian language curriculum, must provide documental proof of his/her Estonian language skills according to provisions in Appendix 1 of the *Regulation*.
 - 5.1.1. Education is considered as acquired in Estonian, if at least 60% of the studies took place in Estonian. Proof of education acquired in Estonian is a document proving completion of basic education, upper secondary education, vocational education or higher education.
- 5.2. During admission periods provided in *Regulation* Appendix 2 "Spring admission" and "Summer admission", a *Candidate*, who lacks documental proof of his/her Estonian language competence at B2-level, must after getting into the *College* and confirmation of starting studies, complete an assessment of Estonian language skills during the period provided in the *College Regulation* Appendix 2 and as a result of the assessment, is obliged to additionally learn Estonian following the conditions and procedure established at the *College*.
 - 5.2.1. In exceptional cases, if the interview committee's decision is based on consensus and with consent of the *Candidate*, the committee is allowed to exempt the *Candidate* from assessment of Estonian language or direct the *Candidate* for Estonian language assessment to national language summer school independent of the B2-level exam results or completion of previous education in the national language. A corresponding decision will be formalised in the admission interview minutes.

- 5.3. If applying to professional higher education curricula during the admission period “Winter admission“ provided in *Regulation* Appendix 2, the *Candidate* must prove his/her skills in the language of instruction are at least B2-level according to provisions in Appendix 1 of the *Regulation* in order to apply in the competition.

II. Submission of application and documents

6. In order to apply to the *College*, the *Candidate* submits an application and other documents electronically in the Admission Information System www.sais.ee (*Sisseastumise Infosüsteem*, hereinafter *SAIS*) or if necessary, on location at the *College* according to provisions in *Regulation* Appendix 1.
7. *The College* has the right to check the application data and to use the *College*’s study information system and archive for specifications, the Estonian Education Information System (hereinafter *EHIS*), to make inquiries to other education institutions and submit documents proving education for qualification assessment to the Estonian ENIC/NARIC Centre.
8. If the data on the *Candidate*’s application is incomplete or not all the documents required in *Regulation* Appendix 1 are submitted by the date provided in *Regulation* Appendix 2, then the *College* has the right to reject the *Candidate*’s application.
9. *The College* does not accept document originals and does not return copies of documents submitted during admission.

III. Admission test, admission interview and tests

10. For fulfilment of admission conditions, an admission test (computer-based), admission interview and practical tests per curriculum are conducted according to *Regulation* Appendix 1.
11. Conduction of admission test, admission interview and practical tests
- 11.1. The admission test, admission interview and practical tests take place during the periods determined in *Regulation* Appendix 2 and Appendix 3.
- 11.2. The *Candidate* will receive a deadline by which to complete the admission test through *SAIS* and the dates and times of the admission interview and practical tests after confirmation of the application.
- 11.3. The maximum points for the admission test, admission interview and practical tests are determined based on curriculum in the *Regulation* Appendix 1.
- 11.4. The results of the admission test, admission interview and practical tests are assessed to the first decimal.
- 11.5. In order to gain access to the admission test, admission interview and practical test, the *Candidate* will present a personal identification document. To perform the test, the *Candidate* must be able to log into the test environment with an ID-card or mobile-ID.
- 11.6. The Admission Specialist has the right to change the time of the admission interview and/or practical test within the period of admission interviews and practical tests due to

- the *Candidate*'s inability to attend because of health or other valid reasons.
- 11.7. The *Candidate* must inform the Admission Specialist of inability to attend the admission interview or practical test for valid reason on the day it is taking place at the latest.
- 11.8. If the *Candidate* fails to pass the admission test during the period provided in Appendix 2, the *Candidate* is automatically excluded from the competition.
- 11.9. The conductor of the admission test, admission interview and practical test has the right to remove a *Candidate* from the admission test, admission interview and practical test and/or not consider the submitted written work, if the *Candidate* has submitted somebody else's written work under his/her name, has used materials that are not allowed, there is unauthorised exchange of information or forged documents, false data has been presented.
- 11.10. The results of the admission test, admission interview and practical tests are published on the date provided in the *Regulation* Appendix 2 in *SAIS*.
12. The results of the admission test, admission interview and practical tests are only considered during the corresponding admission period, which are provided in *Regulation* Appendix 2.
13. The work done and/or submitted (including models, written work etc) during the admission period are for internal (or administrative) use and are not to be returned to the *Candidate* nor issued to third parties.
14. The written work, models etc done and/or submitted during the admission period are retained for two months after the ranking lists have been published according to the dates provided in Appendix 2. The structural unit organising the committee and admission practical test is responsible for retention of work.
15. In order to destroy the written work, models etc made and/or submitted during the admission period, the structural unit organising the admission practical test will compile a write-off and destruction act according to requirements in the Operations Procedure.
16. If the curriculum admission condition requires leaving certificate / diploma results report mean mark and result of admission test, then the *Candidate* is permitted to the following admission interview and/or practical test if the leaving certificate/ diploma results report 's mean mark and performed admission test point score in total are equal to or exceed the minimum point score provided in *Regulation* Appendix 1.

IV. Admission to professional higher education curricula

17. All persons with upper secondary education or qualification equivalent to it have equal opportunities to apply to professional higher education curricula.
18. A *Candidate* can submit an application to two professional higher education competitions during the admission period.
19. The admission requirements are established based on curriculum according to the *Regulation* Appendix 1. Admission to student places financed in the framework of PRÕM or some other programme takes place according to criteria provided in Appendix 1 and the confirmed schedule in Appendix 3.
20. If the *Candidate*'s upper secondary education or equivalent qualification is verified with

documents (e.g. with higher education diploma), but for valid reason, the leaving certificate/diploma is missing, then on the basis of a corresponding written application from the *Candidate*, the leaving certificate/ diploma results report mean mark point score required to meet the admission requirements can automatically be marked as the minimum required to graduate and the *Candidate* has the right to continue applying as a *Candidate*.

V. Admission to vocational training formal education curricula

21. Everyone with upper secondary education or equivalent qualifications can apply to vocational training formal education curricula on the basis of upper secondary education.

22.
